How do you do
I am Sam Sophy. I am a teacher
of Yamahara School.

Now I would like to report to you
Since 2006 to 06.

our school there are one hundred
and thirty students including the
students from the near or far villages.
but in 2010 - 2011 we have ninety
students. And we had divided the time
for teaching into three parts.

There are Morning Classes,
Afternoon Classes and Evening Classes.

In the morning class we start to teach
from 8:30 ^{AM} to 9:00 ^{AM}.

In the Afternoon Class we start to teach
from 2:30 ^{PM} to 4:00 ^{PM}.

Morning Class and Afternoon Class

was taught by Sotheat teacher.

Evening Class was taught by me (Sophy)
to adult students.

Before I teach three times in the evening but now I didn't teach three times as before. Ed est, I teach from 6^{PM} to 7^{PM}

with thirteen students and from 7^{PM} to 8^{PM} with 12 students

Nowaday. Some of my students they are growing up and they can speak english better than before. So they start to have the job in town to do.

Some of them to be Tuk Tuk drivers.

Some of them work in restaurants and hotels.

Some they got married and stopped other they finished primary school and secondary school. They have to go to study in high school.

because from their houses to high school it is very far. They always stay at their uncle's house a full day or live in their uncle's house for study in high school.

So they can find english school
in town for study by themselves.

Do you know?

Now in our school there are many student
can speak english with their friends
and foreigners.

In the name of me their teacher
I want to tell you, I am very happy
when I see my students can talk in english.
And I hope that you will support
to my students and me forever.

At last, I wish you Good Luck!
Good Health!
Good Job!

Thanks!!!
